

AZO®

Vaginal pH Test

CLINICALLY-TESTED VAGINAL INFECTION TEST KIT

Intended Use

Measures vaginal pH, which is important for differentiating between a yeast and bacterial infection.

Test Components

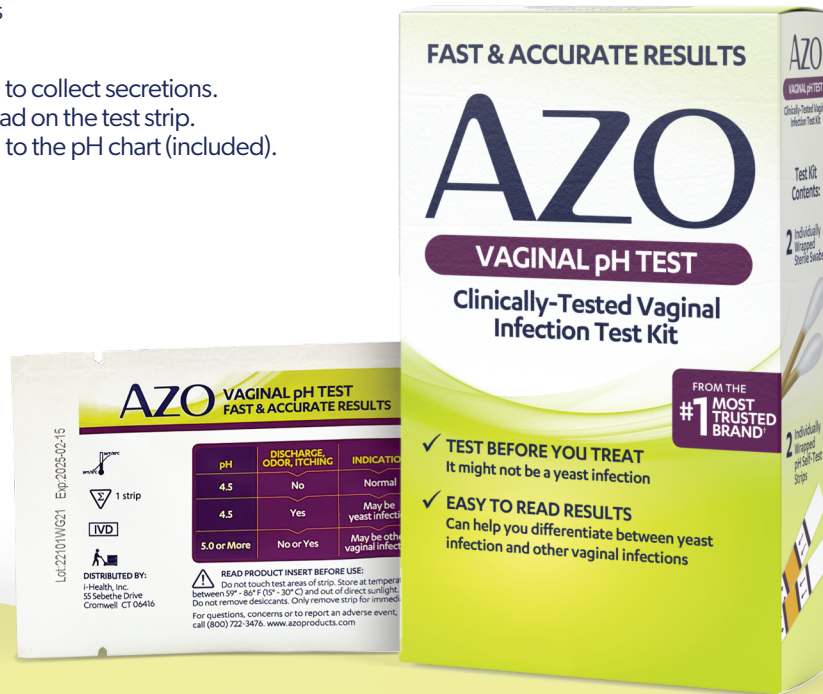

pH test strips

Included in Box

- 2 individually sealed vaginal pH test strips
- 2 sterile swabs
- 2 pH charts to interpret results

Directions

Insert cotton swab into vagina to collect secretions.
Apply sample to the pH test pad on the test strip.
Compare color of pH test pad to the pH chart (included).

I Quantity	2ct
I NRC	87651-0760-33
I UPC	787651760339
I Package Dimensions	L3.23"x H5.14"x W1.18"
I Weight	0.06 LBS
I Case Pack	24
I Gross Case Weight	1.94 LBS
